

MARK MEO
Curriculum Vitae

Office Address

Geography Department
University of Oklahoma
100 East Boyd Street, Room 618
Norman, Oklahoma 73019-0628
Telephone: (405) 325-2272
Fax: (405) 325-6090; E-mail: mmeo@ou.edu
Web sites: <http://ags.ou.edu/~mmeo/>
<http://www.ou.edu/cls/faculty/meo.htm>

Home Address

3804 Northridge Road
Norman, Oklahoma 73072
Telephone: (405) 360-3923

EDUCATION

Post-Doctoral Fellow - Woods Hole Oceanographic Institution (1983 - 1985)
Marine Policy Center

Ph.D. - University of California, Davis (1983)
Fields: Ecology/Environmental Policy Analysis
Dissertation Title: *Economic and Energetic Evaluation of Alcohol Fuel
Production from Agriculture: Yolo County, California.*

M.S. - Louisiana State University (1974)
Field: Marine Sciences
Thesis Title: *Land Treatment of Menhaden Waste Water by Overland Flow.*

B.A. - Northeastern University (1971)
Field: Biology

RESEARCH INTERESTS

Strategic policy innovation and social learning, Corporate environmental management, Use of scientific and technical information, Clean fuels and sustainable energy systems, Climate policy, Integrated river basin management.

CURRENT POSITIONS

Professor, Geography Department, University of Oklahoma.
Research Affiliate, Oklahoma Climatological Survey
Faculty Affiliate, Ecology and Evolutionary Biology,
Adjunct Professor, Regional and City Planning, and
Faculty Member, College of Liberal Studies, University of Oklahoma.

Current research: Wind power and renewable energy policy; Southern Climate Impacts Planning Program (Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee, and Texas)
See: <http://www.southernclimate.org>

PROFESSIONAL AFFILIATIONS

American Association for the Advancement of Science
Policy Studies Organization, Soil and Water Conservation Society of America

PREVIOUS POSITIONS

Administrative

2000 - Present Co-Founder of the Oklahoma Wind Power Initiative (OWPI) a joint research and public outreach program between the University of Oklahoma and Oklahoma State University. Information about OWPI's accomplishments and current activities can be accessed at: www.ocgi.okstate.edu/owpi.

1995 - 2000 Director, Science and Public Policy Program

Responsible for the overall performance of S&PP, an organized research unit with three budgeted tenure-track faculty positions and administrative support staff. Developed and led several interdisciplinary teams that conducted policy research with the support of the EPA, NOAA, NSF, and the State of Oklahoma (~ \$2 million in total). Responsible for the recruitment, mentoring, and evaluation of core faculty members, faculty associates, office staff, and graduate research assistants. As director, I was responsible for strategy development, securing extramural funding, building ties with college academic programs, office management, and recruiting graduate and undergraduate students for research positions.

Academic

2009 – Present, Professor; Department of Geography, University of Oklahoma
and Research Affiliate, Oklahoma Climatological Survey.

2000 - 2009 Research Fellow; 1985 - 1995 Research Fellow, Science and Public Policy Program, University of Oklahoma. Directed and participated in team-oriented applied policy research on issues germane to energy, technology, and the environment.

1999 – 2009 Professor; 1991 - 1999 Associate Professor, (with tenure); 1985 - 1991 Assistant Professor, School of Civil Engineering and Environmental Science, University of Oklahoma.

1983 - 1985 Post-Doctoral Fellow, Marine Policy Center, Woods Hole Oceanographic Institution, Woods Hole, MA.

PREVIOUS POSITIONS (Continued)

Conducted an analysis of the use of scientific and technical information in Florida's coastal planning and management activities. Investigated institutional responses to predicted rise in global sea level.

1980 - 1983 Post-Graduate Research Assistant, Ecology Graduate Group, University of California, Davis.

Dissertation Chair: Seymour I. Schwartz, Ph.D.

Evaluated the economic and energetic feasibility of biomass-based fuel ethanol production for on-farm self-sufficiency and/or off-farm sale. Designed a set of linear parametric programming models that optimized crop and fuel production alternatives for a range of factor inputs, outputs, and operating efficiency scenarios. Technical activities and market information were based upon geographic, agronomic, and agricultural sector data for ten different conventional and experimental starch and sugar-rich feedstocks.

1975 - 1976 Research Associate, Office of Sea Grant Development, Center for Wetland Resources, Louisiana State University.

Supervised the acquisition of fishery catch data for the Gulf of Mexico, and initiated management studies for brown and white shrimp (*Penaeus*, sp.) and oyster (*Crassostrea virginica*).

1972 - 1974 Research Assistant, Department of Oceanography and Coastal Sciences, Louisiana State University.

Thesis Chair: John W. Day, Jr., Ph.D.

Independently designed, constructed, and operated a pilot-scale organic waste water recycling and overland flow (wet)land treatment system for a commercial Gulf menhaden (*Brevoortia patronus*) fish meal processing plant in coastal Louisiana (Dulac-Chauvin). Independently performed laboratory and field tests on a variety of environmental quality parameters over a full growing season. These included soil sampling, microbial assays, and chemical analyses of surface water, groundwater, and plant tissue (*Phragmites australis*).

1967 - 1971 Laboratory Technician, Lahey Clinic Foundation, Boston, MA.

Conducted routine blood serum chemistry analyses and performed assignments as medical photographer/darkroom technician.

TEACHING EXPERIENCE

1994 - 1995 Honors Colloquium, *Clean Fuels and Clean Technology: Technical, Environmental, and Policy Issues* (with R. Ellington), University of Oklahoma.

1992 Honors Colloquium, *Water Resources and Global Change* (with A. Covich), University of Oklahoma.

TEACHING EXPERIENCE (Continued)

1986 - Present Courses Taught

Air Quality Management.

Corporate Environmental Management.

Environmental Administration and Law.

Environmental Evaluation and Management.

Environmental Impact Assessment.

Renewable Energy Resources.

Urban Environmental Systems.

Undergraduate and graduate level; Civil Engineering and Environmental Science, Geography, and Regional and City Planning, University of Oklahoma.

1984 Visiting Professor, Universidade Federal do Rio Grande do Sul, Centro de Estudos de Geologia Costeira e Oceanica (CECO). Porto Alegre, Brazil. Techniques of Coastal Plan Evaluation. Presented as part of the national course, *Administration and Planning for Marine Resources in Brazil.*

1979 - 1980 Lecturer, Zoology Department, University of California, Davis:
Biological Sciences I. (S. Shapiro, S. Wolfe)

1976 - 1979 Teaching Assistant, Department of Environmental Science and Policy, University of California, Davis:
Environmental Decision Making. (P. Sabatier, G. Wandesforde-Smith)
Environmental Policy Analysis. (S. Schwartz, J. Wilen)
Principles of Environmental Studies. (P. Sabatier, T. Foin)

Rex Ellington, Mark Sharfman, and Mark Meo, ***DuPont/Conoco and the Biodegradable Grease Project: Using Innovation to Turn a Waste Stream into an Improved Product in Another Business Unit***, Case Analysis prepared for the U.S. Environmental Protection Agency, December, 1998.

Mark Sharfman, Rex Ellington, and Mark Meo, ***DuPont/Conoco and the Vapor Recovery Project: Using Innovation to Respond to Regulation***, Case Analysis prepared for the U.S. Environmental Protection Agency, February 1998.

Mark Meo, Mark Sharfman, and Rex Ellington, ***Teaching Management for Total Environmental Quality***, Report prepared for the U.S. Environmental Protection Agency, January 1995.

Reports (Continued)

Mark Meo, Michael Smolen, and Patricia Norris, with Rick Farmer, Patrice Mareschal, John Roll, Julie Smith, and Charles Jacques, ***Policy Options for Animal Waste Management in Oklahoma***, Report to the Governor's Animal Waste Task Force, prepared jointly by the University of Oklahoma and Oklahoma State University for the Secretary of the Environment, December 1994.

Rex Ellington, Mark Meo, and Dawlat El-Sayed, ***Methanol as an Alternative Transportation Fuel - Systemwide Examination of Energy, Greenhouse Gas Emissions, and Costs***, Report prepared for the Sarkeys Energy Center, University of Oklahoma, March 1992.

Chand Wije and Mark Meo, "Water: Oklahoma's Vital Resource," in ***Oklahoma Resources: An Information System for Economic Development in the Second Century***, Hans Spaeth, Gary Thompson, and Henry Eisenhart (eds.), Kerr Foundation Report to the Governor, September 1990.

Mark Meo, "Forest and Mineral Resources," in ***Oklahoma Resources: An Information System for Economic Development in the Second Century***, Hans Spaeth, Gary Thompson, and Henry Eisenhart (eds.), Kerr Foundation Report to the Governor, September 1990.

Mark Meo, Gerald Doeksen, Claude Allen, and Grant Wilson, ***Integrated Infrastructure Planning for Economic Development in Oklahoma - Phase I***. Report prepared jointly by the University of Oklahoma and Oklahoma State University for the Oklahoma Department of Commerce, November 1989.

Michael Devine, Rex Ellington, and Mark Meo, ***Integrated Energy Systems: Technical and Economic Potential for Oklahoma***. Report prepared for the Electric Power Research Institute, Palo Alto, CA, Research Project 2221-10, August 1989.

Mark Meo, Rex Ellington, Steven Ballard, Masud Salimian, and Hasan Haideri, ***Integrated Energy Systems for Utilizing Oklahoma Coal***. Report prepared for the U.S. Department of Energy, Bartlesville Project Office, Bartlesville, OK. March 1989.

Mark Meo, Robert Deyle, Steven Ballard, Thomas James, Lani Malysa, and Laura Wilson, ***Policy Implications of Global Climate Change Impacts Upon the Tennessee Valley Authority Reservoir System, Apalachicola River, Estuary, and Bay, and South Florida***. Report prepared for the U.S. Environmental Protection Agency, Office of Policy, Planning and Evaluation. January 1989.

Mark Meo, "Institutional Response to Sea-Level Rise: The Case of Louisiana," in Michael Glantz, Barbara Brown, and Maria Krenz (eds.) ***Societal Response to Regional Climate Change: Forecasting by Analogy***. Report prepared for the U.S. Environmental Protection

Reports (Continued)

Agency, Office of Policy, Planning, and Evaluation by the Environmental and Societal Impacts Group, National Center for Atmospheric Research, Boulder, CO. March 1988.

Mark Meo (editor), *Proceedings of the Symposium on Climate Change in the Southern United States: Future Impacts and Present Policy Issues*, Prepared for the U.S. Environmental Protection Agency, Office of Policy, Planning, and Evaluation. November 1987.

Steven Ballard, Charles McClure, Timothy Adams, Michael Devine, Thomas James, Lani Malysa, and Mark Meo, *Improving the Transfer of Scientific and Technical Information: The Federal Role*, Final report to the National Science Foundation, Office of Policy Research and Analysis, 3 vols. September 1986.

Professional Papers and Panels (excluding Proceedings)

Mark Meo, “The Southern Climate Impacts Planning Program – Structure, Strategy and Future Opportunities,” talk presented to the Geography Colloquium, University of Oklahoma, September 18, 2009.

Mark Meo, “Team-Building for Policy Research – What Difference it Makes for Oklahoma (and Elsewhere),” talk presented to the College of Atmospheric and Geographic Sciences, National Weather Center, Norman, OK, February 3, 2009.

Carlie Lawson and Mark Meo, “The Fire Danger Model and the Mesonet: The Underutilized Benefit of IT Software in Oklahoma’s Drought Planning and Management,” paper presented at the annual meeting of the Southwestern Division of the Association of American Geographers, Norman, OK, October 26-28, 2006.

Mark Meo, “The Oklahoma Wind Rush: A Collaborative Approach to Sustainable Energy Development,” invited paper presented at the workshop on *Energy, Environmental Impacts, and Sustainability*, Kansas State University, Manhattan, KS, January 4-6, 2006. Accessible at: <http://www.engg.ksu.edu/CHSR/events/che650/200601/docs/09Meopaper.pdf>

Mark Meo, “Future of Energy,” invited talk presented at *Leadership Oklahoma – Economic Development/Energy*, Stillwater, OK, December 3, 2005.

Mark Meo, “Oklahoma Wind Power Development: Motivations and Incentives,” invited talk presented at the National Wind Coordinating Committee Southwest Power Pool Workshop II: Transmission and Wind, Topeka, KS, September 19, 2005.

Professional Papers and Panels (Continued)

Mark Meo, "The City of Tulsa and Ozone Alert!: A Case of "Integrated" Assessment and Decision Making," invited talk presented at the Southern Plains Regional Integrated Science Assessment (RISA) Meeting, NOAA Office of Global Programs, Dallas, TX, December 10-12, 2003.

Mark Meo, "Sustainable Watersheds: The OU-OSU Collaboration in the Illinois River Basin," invited talk presented at the History of Science Colloquium, University of Oklahoma, April 25, 2003.

Mark Meo, Scott Greene, Carlie Lawson, Matt Biddle, and Rezaul Mahmood, Climate Prediction, Information, and Policy Response: A Retrospective Assessment of Drought Management in Oklahoma, poster presented at the NOAA Office of Global Change PI Meeting, Seabrook Island, SC, October 23-25, 2002.

Mark Sharfman, Teresa Shaft, Robert Anex, Rex Ellington, and Mark Meo, Environmental Information, Uncertainty, and Interfirm Cooperation in Environmental Management, paper presented at the Academy of Management annual meeting, Washington, DC, August 3-7, 2001.

Tim Hughes, Mark Meo, Mark Shafer, May Yuan, Jayne Salisbury, and Steve Stadler, A Detailed Oklahoma Wind Power Assessment Using Two Methods, poster presented at Windpower 2001, Washington, DC, June 3-7, 2001.

Mark Meo, Lessons Learned in Managing Multidisciplinary Research Projects, Invited speaker, 2001 Water and Watersheds Progress Review, U.S. Environmental Protection Agency, San Francisco, CA, April 17-19, 2001.

Mark Meo, Lowell Caneday, Will Focht, Robert Lynch, Fekadu Moreda, Blake Pettus, Ed Sankowski, Zev Trachtenberg, Baxter Vieux, and Keith Willett, ANegotiating Science and Values with Stakeholders in the Illinois River Basin, paper presented at the Oklahoma Clean Lakes Association Tenth Annual Symposium, Shangri-La, Oklahoma, March 28-30, 2001.

Blake Pettus and Mark Meo, Computer Visualization for Integrated Watershed Management: The Illinois River Basin, paper presented at the Oklahoma Clean Lakes Association Tenth Annual Symposium, Shangri-La, Oklahoma, March 28-30, 2001.

Mark Meo, Lowell Caneday, Will Focht, Robert Lynch, Fekadu Moreda, Blake Pettus, Ed Sankowski, Zev Trachtenberg, Baxter Vieux, and Keith Willett, Negotiating Science and Values with Stakeholders in the Illinois River Basin, poster presented at Integrated

Decision-Making for Watershed Management Symposium: Processes and Tools, Chevy Chase, Maryland, January 7-9, 2001.

Professional Papers and Panels (Continued)

Mark Sharfman, Tom Sigerstad, Rex Ellington, and Mark Meo, The Strategic Role of Legitimacy in the Introduction of Post-Consumer Recycled Materials: Building Theory from Case Study, paper presented at the Academy of Management annual meeting, Toronto, Canada, August 4-9, 2000.

Mark Meo, Natural Hazards Mitigation in Tulsa: The Role of Strategic Policy Innovation and Social Learning, presented at the 25th Annual Workshop on Hazards Research and Applications, Boulder, CO, July 9-12, 2000.

Rob Anex, Mark Meo, and Mark Sharfman, An Analysis of Current Practice in the Use of Life-Cycle Assessment, poster presented at the NSF Design & Manufacturing Research Conference, Vancouver, British Columbia, January 3-6, 2000.

Mark Sharfman, Rex Ellington, Mark Meo, and Tom Sigerstad, The Role of Legitimacy in the Introduction of Post-Consumer Recycled Materials: A Theory Driven Case Study, poster presented at the Eighth International Greening of Industry Network Conference, University of North Carolina, Chapel Hill, November 14-17, 1999.

Mark Meo, Strategic Policy Innovation and Flash Flood Hazard Mitigation: The Tulsa Story, presented at the Annual Meeting of the Oklahoma Political Science Association, Redlands Community College, El Reno, OK, November 12, 1999.

Mark Sharfman, Mark Meo, and Rex Ellington, Regulation, Business, and Sustainable Development: The Antecedents of Environmentally-Conscious Technological Innovation, presented at the Academy of Management annual meeting, Chicago, August 6-11, 1999.

Mark Sharfman, Teresa Shaft, Robert Anex, Rex Ellington, and Mark Meo, Interfirm Cooperation in Life-Cycle Oriented Environmental Management: Examples and a Conceptual Framework, presented at the Academy of Management annual meeting, San Diego, August 7-12, 1998.

Mark Meo and Karl Pepple, Societal Response to Hydrologic Variability: Flood Hazard Mitigation in Tulsa, Oklahoma, presented at the GCIP Mississippi River Climate Conference, St. Louis, MO, June 8-12, 1998.

Mark Meo, Sustainability, Research, and Environmental Decision Making: The Science and Public Policy Program Agenda, presented at the National Conference on Environmental Decision-Making, Knoxville, TN, May 3-6, 1998.

Professional Papers and Panels (Continued)

Mark Meo, The OU-OSU Water and Watersheds Study of the Illinois River Basin, presented at the Oklahoma Section meeting of the American Water Resources Association, Oklahoma City, OK, March 2-4, 1998.

Mark Sharfman, Mark Meo, and Rex Ellington, Regulation, Business, and Sustainable Development, paper presented at the American Association for the Advancement of Science 150th annual meeting, Philadelphia, PA, February 12-17, 1998.

Mark Sharfman, Rex Ellington, and Mark Meo, Institutional Pressures and the Development/Diffusion of Green Technological Innovations, paper presented at the Academy of Management 56th Annual Meeting, Cincinnati, OH, August 13, 1996.

Mark Meo, "Environmental Ethics and Why We Need To Keep Them as Part of Our Programs," Invited presentation at EPA Region 6 Nonpoint Source Conference, *From Point to Nonpoint and Points Beyond*, Tulsa, OK, October 17-19, 1995.

Mark Meo, "Shoreline Management and Policy," Invited paper presented at the Eastern Section American Association of Petroleum Geologists annual meeting, Williamsburg, VA, September 19-21, 1993.

Rex Ellington and Mark Meo, "Total Environmental Quality: Integrating Engineering and Management for Sustainable Development," Paper presented at the AIChE summer national meeting, Seattle, WA, August 15-18, 1993.

Mark Meo and Rex Ellington, "Global Environmental Change: What Role for Engineering Education?" Paper presented at the Gulf-Southwest Section American Society for Engineering Education annual meeting, Austin, TX, April 1-2, 1993.

Mark Meo, "Reserve Design: Conservation and Public Policy." Paper presented at the 1992 Heritage Program and Conservation Data Center Conference, Joint Meeting of the Southeastern and Western Regions, Oklahoma Natural Heritage Inventory, Norman, OK, October 6-9, 1992.

Mark Meo, Robert Deyle, and Thomas James, "Science, Scientists, and the Evolution of Coastal Erosion Policy." Paper presented at the 47th annual meeting of the Soil and Water Conservation Society, Baltimore, MD, August 9-12, 1992.

Mark Meo, "Institutional Response to Global Climate Change: The Coastal Barrier Analog." Paper presented at the American Society for Public Administration 52nd national conference, Washington, D.C., March 23-27, 1991.

Professional Papers and Panels (Continued)

Rex Ellington and Mark Meo, "Global Climate Protection from Radiatively Active Trace Gases: A Systems Approach." Paper presented at Global Warming - A Call for International Coordination, International Conference on the Scientific and Policy Issues Facing All Governments, Chicago, IL, April 9-12, 1990.

Mark Meo, "Strategies for Coping with Global Change: Linking Climatic Uncertainty to Capital Improvement Planning." Paper presented at the American Society for Public Administration 51st national conference, Los Angeles, CA, April 7-11, 1990.

Mark Meo, "Greenhouse Gases and Global Warming: Establishing Coherence in Climate Protection Policy." Paper presented at the annual meeting of the Midwest Political Science Association, Chicago, IL, April 5-7, 1990.

Mark Meo, "Climate Change and Policy Change: The Role of Analogs in Preparing for Global Warming." Paper presented to the School of Meteorology, University of Oklahoma, December 12, 1989.

Robert Deyle, Mark Meo, and Laura Wilson, "Coping with Non-incremental Change: Water Management Institutions and Climate Change." Paper presented at the 25th annual meeting of the American Water Resources Association, Tampa, FL, September 17-22, 1989.

Rex Ellington and Mark Meo, "Avoiding the RAT Gas Trap: The Development and Use of a Greenhouse Gas Emissions Index." Paper presented at American Institute of Chemical Engineering summer national meeting, Philadelphia, PA, August 20-23, 1989.

Mark Meo, Robert Deyle, Lani Malysa, and Laura Wilson, "Institutional Implications of Climate Change Impacts." Paper presented at American Association for the Advancement of Science annual meeting, San Francisco, CA, January 14-19, 1989.

Mark Meo, Michael Devine, Rex Ellington, Masud Salimian, and Hasan Haideri, "Improving Air Quality Through Methanol Production From Integrated Combined Cycle Technologies." Paper presented at Operations Research Society of America/The Institute of Management Sciences, (ORSA/TIMS) Joint National Meeting, Denver, CO, October 23-26, 1988.

Mark Meo, "Policy Aspects of Climate Impact Assessment." Paper presented at the American Society for Public Administration 49th national conference, Portland, OR, April 16-20, 1988.

Mark Meo, "Implications of Global Climate Change for Natural Resource Management." Paper presented at the Oklahoma Political Science Association Annual Meeting, Oklahoma City, OK, Dec. 4-5, 1987.

Professional Papers and Panels (Continued)

Mark Meo, "Policy Metaphor and its Role in Climate Impact Assessment." Paper presented at the International Association for Impact Assessment annual meeting, Philadelphia, PA, May 28-30, 1986.

Mark Meo, "Wastewater Recycling on Diked Dredged Spoil Disposal Sites in Coastal Louisiana." Invited speaker, Massachusetts Coastal Resources Advisory Board Meeting, Woods Hole Oceanographic Institution, May 10, 1984.

Mark Meo, "Biomass Energy Planning: A Study of Agricultural Residue Availability in California." Paper presented at the 22nd Annual Meeting, Western Regional Science Association, Honolulu, HI. 1983.

Mark Meo, "Economics of Energy Production From Biomass." Invited speaker at the symposium: What Should the University of California Be Doing About Energy Production From Biomass?, University of California, Davis, May 24, 1982.

Unpublished Papers

Proposal for an OU Interdisciplinary Center for Global Environmental Studies, (with L. Weider and G. Cohen), Proposal submitted to the Vice President for Research and Dean of the Graduate College by the Global and Regional Environmental Studies Committee, OU, November, 2000.

National Convocation on Science and Engineering Doctoral Education: Report and Recommendations to the Vice President for Research and Dean of the Graduate College," (with R. Gropp, K. Kanak, and M. Santos), Science and Public Policy Program, OU, August 6, 1996. 15 pp.

"Discussion Brief for Oklahoma Infrastructure Institute: Proposed Jointly by University of Oklahoma and Oklahoma State University" (with T. Maze and G. Doeksen), School of Civil Engineering and Environmental Science, OU and Department of Agricultural Economics, OSU. February 1987. 18 pp.

"A Framework for Assessing the Impacts of Global Climate Change on the Southern U.S.," Science and Public Policy Program, OU. April, 1986. 30 pp.

"Marine Policy Education Program: A Prospectus," Marine Policy Center, Woods Hole Oceanographic Institution, Woods Hole, MA, March 7, 1985. 7 pp.

FUNDED RESEARCH Total Funding: \$8.13 million (\$8,130,734), 37 projects;
Principal Investigator: \$1.84 million (\$1,839,961)

Co-Principal Investigator, “Assessment and Outreach from the Oklahoma Wind Power Initiative to Support Wind Powering America”, Oklahoma Department of Commerce, July 1, 2008 – June 30, 2009 (\$15,000).

Co-Principal Investigator, “Southern Climate Impacts Planning Program”, National Oceanic and Atmospheric Administration, Regional Integrated Sciences and Assessments (RISA) program, August 1, 2008 – July 31, 2013 (\$3,849,882).

Co-Principal Investigator, “Oklahoma Wind Power Initiative: Assessment, Research, Policy Study, and Outreach”, Oklahoma Department of Commerce, July 1, 2008 – June 30, 2009 (\$80,000).

Co-Principal Investigator, “Wind Powering America Oklahoma Outreach”, Oklahoma Department of Commerce, July 1, 2007 – June 30, 2008 (\$25,000).

Co-Principal Investigator, “Renewable Energy Outreach and Education through the Oklahoma Wind Power Initiative”, Oklahoma Department of Commerce, July 1, 2007 – June 30, 2008 (\$100,000).

Co-Principal Investigator, “Oklahoma Wind Power Initiative: Education, Outreach, Assessment, and Research”, Oklahoma Department of Commerce, July 1, 2006– June 30, 2007 (\$100,000).

Co-Principal Investigator, “Oklahoma Wind Power Initiative: Assessment, Research, Policy Study and Outreach”, Oklahoma Department of Commerce, July 1, 2005 – June 30, 2006 (\$100,000).

Co-Principal Investigator, “Oklahoma Wind Power Initiative: FY 2005”, Oklahoma Department of Commerce, July 1, 2004 – June 30, 2005 (\$100,000).

Co-Principal Investigator, “Oklahoma Wind Power Initiative: Assessment, Research, Policy Study, and Outreach,” Oklahoma Department of Commerce, July 1, 2003 – June 30, 2004 (\$100,000).

Co-Principal Investigator, AOklahoma Wind Power Initiative - FY03 Continued Research and Outreach,@ Oklahoma Department of Commerce, July 1, 2002 - June 30, 2003 (\$90,000).

Co-Principal Investigator, The Oklahoma Wind Power Assessment Initiative, Oklahoma Department of Commerce, July 1, 2000 - June 30, 2001 (\$199,711).

FUNDED RESEARCH (Continued)

Principal Investigator, REU Supplement: MOTI: Innovation and the Transformation of Clean Technologies: A Life-Cycle Approach to the Management of Gas Turbine Systems, National Science Foundation, August 10, 1998 - June 30, 1999 (\$5,000). Supplement to DMI-9700218.

Co-Principal Investigator, Chemicals in the Environment: Doctoral Fellowships in Environmental Engineering, U.S. Dept. of Education, Graduate Assistance in Areas of National Need (GAANN) Program, (with the School of Civil Engineering and Environmental Science) August 15, 1998 - August 14, 2001 (\$250,510).

Principal Investigator, REU Supplement: Strategic Policy Innovation and Social Learning: Flood Hazard Mitigation, Recycling, and Air Quality in Tulsa, OK, National Science Foundation, April 16, 1998 - February 28, 1999, (\$12,065). Supplement to SBR-9618003.

Principal Investigator, Ecological Risks, Stakeholder Values, and River Basins: Testing Management Alternatives for the Illinois River, EPA-NSF Partnership for Environmental Research, October 1, 1997 - September 30, 2000, (\$873,496).

Principal Investigator, Innovation and the Transformation of Clean Technologies: A Life-Cycle Approach to the Management of Gas Turbine Systems, National Science Foundation, July 1, 1997 - June 30, 2000, Grant DMI-9700218 (\$427,886).

Principal Investigator, Climate Prediction, Information, and Policy Response: A Retrospective Assessment of Drought Management in Oklahoma, NOAA Office of Global Programs, June 1, 1997 - May 31, 1999, (\$192,845).

Principal Investigator, Strategic Policy Innovation and Social Learning: Flood Hazard Mitigation, Recycling, and Air Quality in Tulsa, OK, National Science Foundation, May 16, 1997 - May 15, 1999, Grant SBR-9618003 (\$147,395).

Principal Investigator, "Revision of EPA/NSF Water and Watersheds Proposal for Resubmission," Research Council, University of Oklahoma, November 18, 1996 - January 31, 1997 (\$3,300).

Co-Principal Investigator, "Regulation, Business, and Sustainable Development: The Management of Environmentally Conscious Technological Innovation Under Alternative Market Conditions," U.S. Environmental Protection Agency, October 1, 1995 - September 30, 1997 (\$244,955).

FUNDED RESEARCH (Continued)

Principal Investigator, "Status of Animal Waste Management in Oklahoma," Office of the Secretary of Environment/U.S. Environmental Protection Agency, October 1, 1994 - December 31, 1994 (\$20,990).

Principal Investigator, "Teaching Management for Total Environmental Quality: A Joint Initiative for Environmental Education in the Colleges of Engineering and Business at the University of Oklahoma," U.S. Environmental Protection Agency, August 1, 1993 - January 15, 1995 (\$5,000).

Co-Principal Investigator, "Building the Future: The Role of Engineering and Environmental Science in Sustaining Society," Oklahoma State Regents for Higher Education, Summer Academies for Mathematics, Science, and Multidisciplinary Studies, June 13, 1993 - July 2, 1993 (\$59,145).

Principal Investigator, "Global Warming Potential of Methanol Fuel Produced From Biomass," Sarkeys Energy Center, University of Oklahoma, November 1990 - April 1991 (\$12,000).

Principal Investigator, "Institutional Response to Global Climate Change: The Coastal Barrier Analog," National Science Foundation, September 1990 - June 1992, Grant SES-9012445 (\$55,984).

Co-Principal Investigator, "An Assessment of Alternative Transportation Fuels for Fleet Vehicles in Oklahoma," Oklahoma Governor's Office, October 1989 - June 1990 (\$148,806).

Principal Investigator, "Integrated Infrastructure Planning for Economic Development in Oklahoma - Phase I," Oklahoma Department of Commerce, May 1989 - October 1989 (\$15,000).

Principal Investigator, "Implications of Global Climate Change for the Southern United States - Phase III," U.S. Environmental Protection Agency, November 1987 - October 1988 (\$50,000).

Co-Principal Investigator, "Integrated Energy Systems for Utilizing Oklahoma Coal," U.S. Department of Energy, September 1987 - December 1988 (\$137,000).

Co-Principal Investigator, "An Assessment of Integrated Energy Systems for Oklahoma," Electric Power Research Institute, September 1987 - December 1988 (\$150,000).

FUNDED RESEARCH (Continued)

Co-Principal Investigator, "Implications of Global Climate Change for the Southern United States - Phases I & II," U.S. Environmental Protection Agency, September 1985 - October 1987 (\$98,600).

Project Investigator, "The Federal Role in Improving the Dissemination and Use of Scientific and Technical Information," National Science Foundation, September 1985 - August 1986 (\$149,000).

Project Investigator, "Ground Water Symposia Series on Public Policy Issues of Ground Water Pollution Control," U.S. Environmental Protection Agency, 1984 - 1986 (\$286,164).

Co-Principal Investigator, "Institutional Response to Sea Level Rise: The Adequacy of Coastal Wetlands Loss and Subsidence in Louisiana as a Metaphor for Policy Analysis," Sea Grant Program, Woods Hole Oceanographic Institution, January 1985 - August 1985 (\$7,000).

Principal Investigator, "Alcohol Fuel Production From Biomass in California: An Integrated Analysis," Public Service Research and Dissemination Program, University of California-Davis, March 1982 - December 1982 (\$11,000).

Principal Investigator, "Economic Analysis of Crop Residue Collection for Alcohol Fuel Production in California," Center for Environmental and Energy Policy Research, University of California-Davis, April 1981 - September 1981 (\$3,000).

Principal Investigator, "Economic and Energetic Evaluation of Alternative Energy Production From Agriculture," University of California Appropriate Technology Program, September 1980 - April 1981 (\$5,000).

FELLOWSHIPS, AWARDS, HONORS

Adjunct Scientist, Environmental and Societal Impacts Group, National Center for Atmospheric Research, Boulder, CO, 1989 - 1990.

University of Oklahoma, College of Engineering, Associates Distinguished Lectureship Award, 1988 - 1989.

Invited by the Brazilian government to participate as visiting professor in the first national course, Administration and Planning for Marine Resources sponsored by the Interministerial Commission for Resources of the Sea (CIRM) and the Federal University of Rio Grande do Sul, Porto Alegre. October 1984.

FELLOWSHIPS, AWARDS, HONORS (Continued)

Post-Doctoral Research Fellowship, Marine Policy Center, Woods Hole Oceanographic Institution, 1983 - 1985.

Finalist Award, University of California Policy Seminar, 1980.

PROFESSIONAL SERVICE ACTIVITIES

Invited speaker, Visualization for Decision Making: The OU/OSU Computer Visualization Platform for Stakeholder-Based Planning in the Illinois River Basin, U.S. EPA Region 6 Headquarters, Dallas, TX, September 20, 2000.

Invited speaker, Pollution Prevention Conference, U.S. EPA Region 6 Pollution Prevention Roundtable, Panel on Sustainable Development, Norman, OK, June 14-16, 1999.

Green Technology and Public Policy. Panel organizer, American Association for the Advancement of Science 150th annual meeting, Philadelphia, PA, February 12-17, 1998.

Environmental Innovation and Innovative Techniques. Panel discussant, Regulatory Effects. Panel chair, Association for Public Policy Analysis and Management 19th annual research conference, Washington, DC, November 6-8, 1997.

"Global Change: Environmental Planning and Management Challenges for the 21st Century." Panel organizer, American Society for Public Administration 51st national conference, Los Angeles, CA, April 7-11, 1990.

"Policy Implications of Climate Change." Panel organizer, American Association for the Advancement of Science annual meeting, San Francisco, CA, January 14-19, 1989.

"Near Term Policy Implications of Long Term Global Climate Change." Roundtable organizer, Association for Public Policy Analysis and Management annual research conference, Seattle, WA, October 27-29, 1988.

"Global Climate Change: Implications for Environmental Policy and Administration." Panel organizer, American Society for Public Administration 49th national conference, Portland OR, April 16-20, 1988.

"Project Scoping and Issues Identification." Panel chair; "Assessing the Impacts of Global Climate Change." Panel chair, International Association for Impact Assessment annual meeting, Philadelphia, PA, May 28-30, 1986.

Manuscript Reviewer:

Seminar Series and Symposia Development:

Member, Program Planning Committee, *2005 Oklahoma Emerging Energy Technology Conference*, Norman, OK, September 27, 2005.

Helped raise over \$8,500 in matching support for Oklahoma's second wind power conference, *Wind Power and Bioenergy: Oklahoma Crops for the 21st Century*, Oklahoma City, OK, April 11, 2002.

Helped raise over \$10,000 in matching support for Oklahoma's first wind power conference, *Oklahoma Wind Power: Emerging Opportunities*, Oklahoma City, OK, May 3, 2001.

"Symposium on Climate Change in the Southern United States: Future Impacts and Present Policy Issues," International Hotel, New Orleans, Louisiana, May 28-29, 1987. Sponsored by the U.S. Environmental Protection Agency. Organizer.

"Agricultural Chemicals and Ground Water Pollution Control," The Fifth National Symposium on Ground Water Pollution Control, Kansas City, Missouri, March 26-27, 1987. Sponsored by the U.S. Environmental Protection Agency. Organizer.

"Liability Issues and Ground Water Pollution Control," The Fourth National Symposium on Ground Water Pollution Control, Cambridge, Massachusetts, May 22-23, 1986. Sponsored by the U.S. Environmental Protection Agency. Organizer.

"Local Government Options for Ground Water Pollution Control," The Third National Symposium on Ground Water Pollution Control, Atlanta, Georgia, January 16-17, 1986. Sponsored by the U.S. Environmental Protection Agency. Organizer.

"Planning on Cape Cod - A Six Week Series of Discussions Presented by Area Practitioners," Woods Hole Oceanographic Institution, March 26 - April 30, 1985. Organizer.

"Alternative Fuels in California's Energy Future," University of California at Davis, Spring 1982. Organizer and speaker.

Workshops:

Asia-Pacific Partnership on Clean Development and Climate, American Electric Power Site Visit, Columbus, OH, October 29-November 4, 2006. Invited participant.

“Building a Disaster-Resistant Community: Bridging Research and Practice,” Tulsa Partners, Inc., Tulsa, OK, May 24-25, 2006. Invited participant.

Southern Plains Regional Integrated Science Assessment (RISA) Meeting, Office of Global Programs, NOAA, Dallas, TX, December 10-12, 2003. Regional Committee Organizer and Invited participant.

Managing Interdisciplinary Research Projects: Lessons Learned Workshop, @ Washington, DC, U.S. Environmental Protection Agency, Water and Watersheds program, October 11-12, 2000. Invited participant.

NIGEC South Central Regional Center Workshop for Prospective PIs, @ New Orleans, LA, August 2, 1999. Invited participant.

NOAA Human Dimensions Meeting, Boulder, CO, July 8-9, 1999. Invited participant.

NOAA Economics and Human Dimensions Investigators Meeting, Tuscon, AZ, April 26-28, 1999

Smart Growth: The Tulsa Conference on City Design, Tulsa Foundation for Architecture, Tulsa, OK, February 16, 1999.

Life Cycle Tools and Applications, Short course taught by G. Keoleian and J. Bulkley, Center for Sustainable Systems, College of Engineering, Center for Professional Development, University of Michigan, June 24-26, 1998.

Workshop on the User Requirements of a Regional Reanalysis, Cooperative Institute for Mesoscale Meteorological Studies, February 26-27, 1998, Norman, OK, Invited speaker. Sponsored by the National Oceanic and Atmospheric Administration.

National Convocation on Science and Engineering Doctoral Education, National Academy of Sciences, June 15, 1996, Washington, DC. Participant.

"Environmental Issues in Business and Business Education: A Faculty Development Workshop," Sponsored by the College of Business, Science and Public Policy Program, and the Management Institute for Environment and Business, University of Oklahoma, November 10, 1995, Norman, OK. Co-Organizer.

Workshops: (Continued)

"Sharing Our Vision for Environmental Education," A Five-State Environmental Education Conference, Hosted by the Texas Natural Resources Commission, September 22-23, 1995, Dallas, TX. Invited participant.

Business - Environment Learning and Leadership Conference, The Management Institute for Environment and Business, University of Texas, Austin, July 19-21, 1995. Invited Participant.

Business - Environment Learning and Leadership Conference, The Management Institute for Environment and Business, J. L. Kellogg Graduate School of Management, Northwestern University, August 27-29, 1994. Invited participant.

"The 1988 Woodlands Conference, New State Roles, Environment, Resources, and the Economy," Natural Resources Management and Planning Working Group Session on Drought Management, Houston Area Research Center, Texas, November 13-16, 1988. Invited participant.

"EPA Meeting on Global Warming Effects," Alexandria, VA, October 7-8, 1987. Invited participant.

"EPA Global Climate Change Program Research Planning Workshop," Raleigh, NC, September 21-24, 1987. Invited participant.

National Research Council, Committee on Infrastructure Innovation Workshop, Barriers to Innovation Panel. Woods Hole, MA, June 29-July 2, 1987. Invited participant.

"EPA/ESIG Regional Scenarios Working Group: From the Bottom Up," National Center for Atmospheric Research, Boulder, CO, June 29-30, 1987. Invited participant.

"EPA Workshop on Ecological Effects of Global Climate Change," University of Colorado, Boulder, CO, April 20-22, 1987. Invited participant.

Program Development:

Co-Organizer of the Oklahoma Infrastructure Institute, a joint university research initiative between the University of Oklahoma and Oklahoma State University, September, 1987 - December, 1988.

Public Service Activities:

President-elect, Oklahoma Renewable Energy Council, 2008-2009.

Member, American Meteorological Society Policy Program, Curricular Advisory Committee, 2008-2009.

Invited speaker, "Science and Technology Policy: What is It and What Difference Could It Make for OU Students?", EEB Seminar, University of Oklahoma, Norman, OK, October 24, 2006.

Moderator, Carbon Dioxide Sequestration panel, 2005 Oklahoma Emerging Energy Technology Conference, Norman, OK, September 27, 2005.

Invited participant, Energy and the Future of Oklahoma, Oklahoma Energy Strategy Development Session, Office of the Secretary of Energy, Oklahoma City, OK, November 12, 2002.

Member, Workshop Planning Committee, Oklahoma Wind Power: Emerging Opportunities, Oklahoma City, OK, May 3, 2001.

Invited panelist, Session IV, Intervention for change: Incentives, Legislation, Regulations, Innovations and Education, National Symposium on Mitigating Severe Weather Impacts: Design for Disaster Reduction, Tulsa Convention Center, Tulsa, OK, March 31-April 4, 2001.

Invited testimony, Oklahoma Scenic Rivers Commission, Tahlequah, OK, January 18, 2000. Copy sent to Governor Frank Keating.

Member, Tulsa Partners/Project Impact: Building a Disaster-Resistant Community, City of Tulsa, 1998 - present.

Invited speaker, The Greening of Technology and its Implications for Women, presented at Women's Bold Journeys: From Weaving to Websites, St. Luke's United Methodist Church, Oklahoma City, OK, October 17, 1998.

Invited speaker, The OU-OSU Water and Watersheds Study of the Illinois River Basin, presented at the Third Annual Conference on Sustainable Living, Unitarian Universalist Congregation of Tahlequah, Tahlequah, OK, May 16, 1998.

Member, Ad Hoc Committee regarding Hall Park wastewater issues, City of Norman, OK, July 28-August 11, 1997.

Public Service Activities: (Continued)

Co-Sponsor Panelist, 1996 Renew America National Teleconference. Sponsored by Tinker Air Force Base, February 26, 1996.

Invited Testimony, Senate Agricultural and Rural Development Committee Hearing on Hog Waste Management, Ambassador Motel, Guymon, OK, October 4, 1995.

Member, Oklahoma Academy for State Goals, Infrastructure Task Force, May - November, 1991.

Invited speaker, "Expanded Use of CNG Vehicles in Oklahoma: An Economic and Environmental Assessment," Midwest Transportation Center, Iowa State University, Ames, IA, May 7, 1991.

Invited speaker, "Global Warming - The Policy Issues," Energy 2001, Oklahoma City, March 18-22, 1991.

Invited speaker, Infrastructure Panel, Oklahoma Academy for State Goals Sixth Annual Conference, "Oklahoma's Future: Choice or Chance?," Oklahoma City, OK, November 8-9, 1990.

Invited speaker, "The Hole in the Sky and The Greenhouse Effect," The Academy of Retired Professionals, University of Oklahoma, September 26, 1989.

Invited speaker, "Models of Future Climate," Norman Arts and Humanities Council Readers and Writers Series, Norman, OK, December 10, 1988.

Invited speaker, "Climate Change and Stratospheric Ozone Depletion," SUNDAY AM, KOKH TV, Channel 25, Oklahoma City, OK. May 24, 1987.

University Service:

Panel discussant, Water, Agriculture, and Sustainability, International Programs Center, Center for Peace Studies conference on Water in the Jordan Valley: Technical Solutions & Regional Cooperation, University of Oklahoma, November 13 & 14, 2001.

Faculty Committee on National Energy Policy, University of Oklahoma, 2001.

Steering Committee Member, National Symposium on Mitigating Severe Weather Impacts: Design for Disaster Reduction, International Center for Natural Hazards and Disaster Research, 2000 - 2001.

University Service: (Continued)

Graduate Faculty Committee, College of Liberal Studies, 2000 to present.

Invited speaker, From Conflict to Consensus: Using Science to Guide Public Policy in the Illinois River Basin, *Conversations on the Environment*, Interdisciplinary Perspectives on the Environment, OU campus, January 25, 2000.

Panel discussant, Rhodes Trussell, Kappe Invited Lecture, Civil Engineering and Environmental Science, October 26, 1999.

Program consultant, *The Power of Ideas* television program, interview with Jack Vitek, broadcast on September 20, 1999.

Search Committee Member, Natural hazards faculty, Geography Department, 1999 - 2000.

Steering Committee Member, Symposium on the May 3rd Tornado Outbreak, Center for the Analysis and Prediction of Storms, 1999 - 2000.

Committee Member, Global and Regional Environmental Studies Committee, International Programs Center, 1999.

Search Committee Member, Brock Chair in Energy Economics and Policy, Sarkeys Energy Center, 1997.

Judge, Undergraduate Research Day, Honors College, Norman campus, April 5, 1997.

Steering Committee Member, Environmental Verification and Analysis Center, 1996-present.

Academic Appeals Board, College of Engineering, 1996- present.

Chair, Search Committee, Science and Public Policy Research Fellow, 1995-1996.

Graduate Council, College of Engineering Representative, 1994-1996.

Judge, Graduate Student Research Poster Session, Physical Sciences and Engineering, April 15, 1996.

Panelist, "The Future of Nations: Anarchy or Civil Order." Seminar presented by Robert Kaplan, Oklahoma Scholar-Leadership Enrichment Program, University of Oklahoma, May 20, 1995

University Service: (Continued)

Invited speaker, "Strategic Responses to Sea Level Rise: The Role of Science & Scientists in Public Policy," Zoology Seminar, University of Oklahoma, February 15, 1995.

Faculty Resource Person, "America's Future in Space." Seminar presented by John Logsdon, Oklahoma Scholar-Leadership Enrichment Program, University of Oklahoma, January 4-8, 1995.

Moderator, "Critical Issues in Global Change Research," National conference on Directions for the Geosciences in the 21st Century, College of Geosciences, University of Oklahoma, November 27-29, 1990.

Moderator, Oklahoma Centennial Energy Design Competition, College of Engineering, Sarkeys Energy Center, University of Oklahoma, November 17, 1990.

Invited speaker, Geography colloquium, "The Hot Issue of Global Warming," University of Oklahoma, November 12, 1990.

Faculty Resource Person, "Ozone, the Greenhouse Effect, and Human Activity: Scientific and Political Issues." Seminar presented by Ralph Cicerone, Oklahoma Scholar-Leadership Enrichment Program, University of Oklahoma, November 10-14, 1989.

Member, University of Oklahoma campus advisory committee, Oklahoma Resources Integrated General Information Network System (ORIGINS), 1988.

Graduate Student MS Thesis and PhD Committees:

Alex Brewer, 2010 (Environmental Science), *Mining Impacts on Traditionally Used Plants In Ottawa County, Oklahoma*, In progress, Thesis committee member.

Jennifer McAllister, 2010 (Environmental Science), *Metal Uptake and Accumulation of Emergent Macrophytes in Communities of Varied Biodiversity*, In progress, Thesis committee member.

Jesse Bell, 2009 (Botany), *Climate Change Influence on Ecohydrological Processes*, Dissertation committee member.

Cody Whittenburg, 2009 (Environmental Science), *Impacts on Surface Water Quality by Waterfowl in Urban Storm Water Retention/Detention Systems*, Thesis committee member.

Matthew Biddle, 2007, PhD (Geography), *Warning Reception, Response, and Risk Behavior in the 3 May 1999 Oklahoma City Long-Track Violent Tornado*. Dissertation committee member.

Mark Giesken, 2007, MS (Geography), *Economic Impact of Wind Farm Development in Oklahoma*. Thesis committee member.

Joseph Zume, 2007, PhD (Geography), *Modeling the Response of a Shallow Alluvial Aquifer to Impacts of Climate Variability and Anthropogenic Water Withdrawal in Northwestern Oklahoma*. Dissertation committee member.

Jack Ripple, 2004, MS (Liberal Studies), *An Assessment of the Forecast and Projection Accuracy of the First Generation of Integrated Global Models*, Thesis chair.

Ben Winter, 2003, MS (Environmental Science), *Tire Mattress Effectiveness on Oklahoma Stream Bank Restoration and Stabilization*, Thesis committee member.

Bryan Stolte, 2002, PhD (Occupational and Environmental Health), *An Evaluation of Zero Valent Iron Reactive Barrier Technology to Reduce High Concentrations of Chlorinated Solvents in Contaminated Groundwater*, Dissertation committee member.

Vickie Wolfe, 2002, PhD (Environmental Science), *Studies of the Content and Process of Environmental Education*, Dissertation committee member.

Freddie Hall, 2001, PhD (Civil Engineering), *Coupled Modeling of the Air Quality Impacts of Chemical Depainting Agents Released from an Industrial Wastewater Treatment Facility*, Dissertation committee member.

Graduate Student MS Thesis and PhD Committees: (Continued)

- Harvey McLaughlin, 2001, MS (Environmental Science), *An Overview of Cumulative Effects Assessment Practice in the United States*, Thesis chair.
- Patricia Rickey, 2001, MS (Liberal Studies), *A Content Analysis of Scientific Framing in Mass Media Accounts of Global Warming*, Thesis committee member.
- Erin Breetzke, 2000, MS (Environmental Science), *Development and Implementation of a Pilot Wetland Volunteer Monitoring Program for Oklahoma*, Thesis committee member.
- Madan Gopal, 2000, MS (Civil Engineering), *Physics-Based Distributed Parameter Water Quality and Quantity Modeling Using GIS*, Thesis committee member.
- Carlie Lawson, 2000, MS (Regional and City Planning), *High and Dry: Institutional Impediments to Effective Drought Management and Relief in the 1995-96 and 1998 Oklahoma Droughts*, Thesis chair.
- Becky Ziebro, 2000, PhD (Environmental Science), *Social Learning for Sustainability: A Local Government Approach*, Dissertation chair.
- Alicia Edwards, 1999, PhD (Environmental Science), *A Qualitative Model for Designing and Implementing Effluent Trading Programs*, Dissertation committee member.
- Holly Edwards, 1999, PhD (Zoology), *Status and Ecology of *Sotalia Fluviatilis* in the Cayos Miskito Reserve, Nicaragua*, Dissertation committee member.
- Rezaul Mahmood, 1999, PhD (Geography), *Monsoonal Rainfall Variability, Water Stress, and Rainfed Rice Productivity in Bangladesh*, Dissertation co-chair.
- Karl Pepple, 1999, MS (Environmental Science), *Flood Mitigation in Tulsa, OK: The Role of Public Entrepreneurs and Focusing Events in Strategic Policy Innovation*, Thesis chair.
- Sasidhar Velnati, 1999, MS (Aerospace and Mechanical Engineering), *Life Cycle Assessment and Analysis of Gas Turbine Power Systems*, Thesis committee member.
- Jeffrey Rumrill, 1998, PhD (Environmental Science), *Air Quality Cumulative Effects Assessment for U.S. Air Force Bases*, Dissertation committee member.
- Carolyn Vanarsdel, 1998, MS (Environmental Science), *Integration of Scientific and Legal Perspectives in Toxic Tort Litigation*, Thesis chair.

Graduate Student MS Thesis and PhD Committees: (Continued)

William Nellen, 1997, MS (Environmental Science), *Risk-Based Corrective Action (RBCA) Applied at Contaminant Release Sites*, Thesis committee member.

Tariq Rasheed, 1997, MS (Aerospace and Mechanical Engineering), *Net Energy and Life Cycle Analysis of a Natural Gas Combined-Cycle Power Ensemble*, Thesis committee member.

Janice Sims, 1996, MS (Environmental Science), *A Study of Drop-Off Recycling in Norman, Oklahoma: Behavior of Recyclers and Nonrecyclers*, Thesis chair.

Nadim Farajalla, 1995, PhD (Environmental Science), *Error Propagation in Distributed Hydrologic Modeling*, Dissertation committee member.

Stephen Kukoy, 1993, MS (Environmental Science), *Implementation of Mitigation Banking to Improve Wetland Preservation by Section 404 of the Clean Water Act*, Thesis committee member.

Stephen Levensgood, 1993, MS (Engineering Physics), *A Preliminary Wind Energy Assessment for Oklahoma*, Thesis chair.

Lani Malysa, 1993, PhD (Political Science), *A Comparative Assessment of State Planning and Management Capacity: Tidal Wetlands Protection in Virginia and Maryland*, Dissertation committee member.

Vasudev Subbiah, 1988, MS (Industrial Engineering), *Economic Impacts of Integrated Energy Systems in Oklahoma*, Thesis committee member.

Graduate Student Special Topics (MS) Committees: (since 1995)

Deane Carlberg, Jr., 2009, MS (Environmental Science), *Carbon Tax, Carbon Credits, and Carbon Cap and Trade: An Overview*, Chair, In progress.

Sheetal Varma, 2004, MS (Civil Engineering), *Prediction of Unsaturated Permeability of Minco Silt using Soil Water Characteristic Curve*.

Kristy Laird, 2004, MS (Environmental Science), *Regional Burden of Occupational Trachea/Bronchus/Lung Cancer in Region VI*.

Jennifer Coffey, 2004, MS (Environmental Science), *Natural Resources Damage Assessments – The Case of the Tar Creek Superfund Site*.

Graduate Student Special Topics (MS) Committees: (since 1995) (Continued)

Jeff McGuffin, 2001, MS (Environmental Science), *Environmental Management System Implementation and Registration by Delta Faucet of Oklahoma*, Chair.

Leo Merida, 2001, MS (Civil Engineering), *Comparative Review of the U.S. Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA and the Guidelines for Environmental Impact Assessment Studies in Guatemala*, Chair

Oral Saulters, 2001, MS (Environmental Science), *Comprehensive Groundwater Monitoring System Evaluation for the SUNOCO, Inc. Tulsa Refinery*. Chair

Lois Swanson, 2001, MS (Environmental Science), *The Potential Influence of Environmental Stressors on Amphibian Development and Decline*. Chair

Larry Mullins, 2000, MS (Environmental Science), *A Comparative Study of Alternative Fuels*.

Kim Park, 2000, MS (Environmental Science), *Development of a Scaling Model for an International Health Index*.

Debra Smith, 2000, MS (Environmental Science), *City of Norman=s Household Hazardous Waste Collection Event*.

Kenny Wofford, 2000, MS (Environmental Science), *The Economic and Environmental Value of Brownfield Redevelopment*.

Jeffrey Carlson, 1999, MS (Environmental Science), *Orimulsion as an Alternative Fuel: Environmental, Health & Safety Product Review of Issues Associated with this Fuel*.

Steve Freemyer, 1999, MS (Civil Engineering), *Particulate Matter 2.5 (PM_{2.5}): Importance and Issues*.

Shawn Hussong, 1999, MS (Environmental Science), *Integrated Information Management System for State Level Air Quality Management Agencies: A Case Study From Oklahoma*.

Rex Ishmael, 1999, MS (Civil Engineering), *Fine Particulate Matter (PM_{2.5}) and the Energy Service Industry*.

Amy Unsell, 1999, MS (Environmental Science), *Review of Proposed Power Sources for Electric Vehicles*.

Graduate Student Special Topics (MS) Committees: (since 1995) (Continued)

Sandra Cole, 1998, MS (Environmental Science), *A One-Step Chemical Spot Test for Lead in Lead-Based Paint Using Sodium Rhodizonate and Hydrochloric Acid.*

David Griffin, 1998, MS (Environmental Science), *Continuous Emission Monitoring Systems for Air Quality Management.*

Tammy Rose, 1998, MS (Environmental Science), *Feasibility of a Brine Lake for Chloride Control in the Red River Basin, High Plains of Northern Texas.*

Terry Downey, 1997, MS (Environmental Science), *Saltwater Release Remediation Project.*

Mark Kinsley, 1997, MS (Environmental Science), *Social Learning and Innovative Policy: A Retrospective Look at the Development of Tulsa's Floodplain Management Policy Through the Analysis of Current Theories and Models.* Chair

Dean Walker, 1997, MS (Environmental Science), *Health, Environmental & Safety Auditing: A Comparative Analysis of Industry Practices to Current Standards and Literature.*

Afsaneh Afkam, 1996, MS (Civil Engineering), *Costs and Benefits of Using Hydrogen as an Alternative Fuel for Transportation.*

Kevin Barnard, 1996, MS (Environmental Science), *Success, Implementation and Implications of the Montreal Protocol of 1987.*

Nathan Kuhnert, 1996, MS (Environmental Science), *Development of a Management Plan for the Endangered Interior Least Tern.*

Stephen Lefebvre, 1996, MS (Environmental Science), *Stratospheric Ozone Protection: Alternatives to Chlorofluorocarbons.*

Lance Lodes, 1996, MS (Environmental Science), *A Survey of Copper, Lead, and Zinc Concentrations in Marina Sediments of Lake Texoma.*

Joe Long, 1996, MS (Environmental Science), *Water Quality Monitoring of Brine-Contaminated Surface Waters for the Clearview Creek Demonstration Project.*

William Bluethmann, 1995, MS (Environmental Science), *Acid Mine Drainage: Control Technologies and the Impacts on Oak Ridge Creek.*

Undergraduate Student Research:

Terri Stubblefield, 1999, Undergraduate Research Opportunity Program, OU Honors College, *Air Quality Forecasting in Tulsa: How Accurate is the Ozone Model?*
